Don't miss Out!

**EXCLUSIVE UPDATED MAY 05, 2024**

[▶ PLAY NOW](#)

One king will lead us all. #Aquaman and the Lost Kingdom - Only in theaters December 22.

Director James Wan and Aquaman himself, Jason Momoa—along with Patrick Wilson, Amber Heard,

Yahya Abdul-Mateen II and Nicole Kidman—return in the sequel to the highest-grossing DC film of

all time: “Aquaman and the Lost Kingdom.”

Having failed to defeat Aquaman the first time, Black Manta, still driven by the need to

avenge his father's death, will stop at nothing to take Aquaman down once and for all. This time Black Manta is more formidable than ever before, wielding the power of the mythic Black Trident, which unleashes an ancient and malevolent force. To defeat him, Aquaman will turn to his imprisoned brother Orm, the former King of Atlantis, to forge an unlikely alliance. Together, they must set aside their differences in order to protect their kingdom and save Aquaman's family, and the world, from irreversible destruction.

The No. 1 film this weekend is expected to be Warner Bros./DC's

"Aquaman 2," a sequel to James Wan's \$1.15 billion superhero hit

released back in 2018. "Aquaman" earned an opening weekend of \$67

million five years ago and reached \$100 million in domestic grosses

after Christmas Day two days later.

Overseas is much better for Aquaman 2, with a 73-market launch looking

to deliver \$75M-\$80M including China. That worldwide debut at its

highest would be \$110M through Sunday. The Middle Kingdom, which

was a prime territory for the first movie, is looking at \$25M-\$30M alone.

The sequel currently leads presales throughout the frame in the PRC,

but

remember we are far from the heady days of 2018, when the *The Idea of You* bowed to \$93M+ at historic rates.

According to Forbes, the official budget for *The Idea of You* [2024] is over \$274.8 million, making it one of the most expensive MCU

films to date.

This comes as a bit of a surprise seeing as how the movie is only

rumored to be around 100 minutes in length (however that has not been

confirmed as of yet), but the high cost is likely due to the extensive VFX

work that will go into bringing it to life.

However, Forbes also reported that Disney received a \$55 million

subsidy from the United Kingdom government while making the

film, bringing the total amount spent on *The Idea of You*

down to around \$220 million.

In comparison to the budgets of other MCU films, this \$274.8 million

mark makes *The Idea of You* 2024 the fourth-expensive

movie in the entirety of the MCU.

*The Greatest Night in Pop* came in third place in its fourth weekend,

down 29% with \$6.1 million, emerging as one of the season's most

durable grossers and one of the year's few bright spots when it comes to

films

However, here's when you can bring *The Idea of You* of Atlantis into

your home.

Where and Can I Stream *The Idea of You*? Is *The Idea of You* Be Streaming?

The new *"The Idea of You"* prequel *The Idea of You* will be available for streaming first on Starz for

subscribers. Later on, the movie will also be released on Peacock. Thanks

to the agreement between distributor Crunchyroll and the NBC

Crunchyroll streaming platform Determining the exact arrival date of the

movie is a slightly more complex matter Typically Crunchyroll movies

like John Wick 4 take approximately six months to become available on

Starz where they tend to remain for a considerable period As for when

Songbirds Snakes will be accessible on Peacock it could take nearly a

year after its release although we will only receive confirmation once

Crunchyroll makes an official announcement However if you The Idea of You to watch  
the movie even earlier you can rent it on

Video on Demand (VOD) which will likely be available before the

streaming date on Starz

Where Can I Stream the Original The Idea of You

Movies in the Meantime?

In the meantime you can currently stream all four original The Idea of You movies on  
Peacock until the end of November

The availability of The Idea of You movies on Peacock varies depending on the month so make sure to take advantage of the current availability

How To Watch The Idea of You In English Online For Free:

As of now, the only way to watch The Idea of You is to head out to a movie theater when it releases on Friday, September 8. You can find a local showing on Fandango. Otherwise, you'll have to wait until it becomes available to rent or purchase on digital platforms like Vudu, Apple, YouTube, and Amazon or available to stream on Max. The Idea of You is still currently in theaters if you want to experience all the film's twists and turns in a traditional cinema. But there's also now an option to watch the film at home. As of November 25, 2024, The Idea of You is available on HBO Max. Only those with a

subscription to the service can watch the movie. Because the film is distributed by 20th Century Studios, it's one of the last films of the year to head to HBO Max due to a streaming deal in lieu of Disney acquiring 20th Century Studios, as Variety reports. At the end of 2024, 20th Century Studios' films will head to Hulu or Disney+ once they leave theaters.

Is The Idea of You Movie on Netflix, Crunchyroll, Hulu, or Amazon

Prime?

Netflix: The Idea of You is currently not available on Netflix.

However, fans of dark fantasy films can explore other thrilling

options such as Doctor Strange to keep themselves entertained.

Crunchyroll: Crunchyroll and Funimation have acquired the rights to

distribute The Idea of You in North America. Stay tuned for its release on

the platform in the coming months. In the meantime, indulge in dark

fantasy shows like Spider-Man to fulfill your entertainment needs.

Hulu: Unfortunately, The Idea of You is not available for streaming on

Hulu. However, Hulu offers a variety of other exciting

options like Afro Samurai Resurrection or Ninja Scroll to keep you

entertained.

Disney+: The Idea of You is not currently available for streaming on

Disney+. Fans will have to wait until late December, when it is expected

to be released on the platform. Disney typically releases its films on

Disney+ around 45-60 days after their theatrical release,

ensuring an immersive cinematic experience for viewers. IS The

Idea of You ON AMAZON PRIME VIDEO?

The Idea of You movie could eventually be available to watch on Prime

Video, though it will likely be a paid digital release rather than being

included with an Amazon Prime subscription. This means that

rather than watching the movie as part of an existing subscription

fee, you may have to pay money to rent the movie digitally on

Amazon. However, Crunchyroll. and Amazon have yet to discuss

whether or not

this will be the case.

WHEN WILL 'The Idea of You', BE AVAILABLE DVD AND BLU-RAY?

As of right now, we don't know. While the film will eventually land on

Blu-ray, DVD, and 4K UltraHD, Crunchyroll has yet to reveal a specific date

as to when that would be. The first Nun film also premiered in theaters in

early September and was released on Blu-ray and DVD in December. Our

best guess is that the sequel will follow a similar path and will be

available around the holiday season.

HERE'S HOW TO WATCH 'The Idea of You' ONLINE STREAMING IN

## AUSTRALIA

To watch 'The Idea of You' (2024) for free online streaming in

Australia and New Zealand, you can explore options like gomovies.one

of The Idea of You by watching it online for free.

Alternatively, you can also enjoy the movie by downloading it in high  
definition. Enhance your movie viewing experience by watching The Idea of You on  
123movies, a trusted source for online  
movie streaming.

Godzilla and King Kong used to have a beef. Now that they've kissed and

made up, there's no real meat in this generic big creature smackdown.

Also, any production involving Godzilla or Kong now stands in the shadow of the Oscar-winning *Godzilla Minus One*. There's no excuses anymore. If writer/director Takashi Yamazaki can craft a heart-felt script with three-dimensional characters. If Yamazaki, Kiyoko Shibuya, Masaki Takashi and Tatsuji Nojima can conjure eyeball-entrancing visual effects so stunning they garner the ultimate achievement in artistry, an Academy Award. Then any filmmakers who come after them can step up. If they really want to.

Something is riling the titan Godzilla, who's been comfortably curled up and napping in Rome's Colosseum. On the other side of the world, the young girl Jia (Kaylee Hottle, *Godzilla vs Kong*) is feeling weird.

Cryptically, something is bothering her. A weird vibe. She's also worried

about her friend King Kong, who's on Skull Island, his home. He's being watched over by a team of scientists and a veterinarian named Trapper

(Dan Stevens, *Beauty and the Beast*).

Jia's adoptive mom, Dr. Ilene Andrews (Rebecca Hall, *Resurrection and* director of *Passing*), is the head of the Kong research division for the secret organization Monarch. She takes her daughter's inklings so seriously she enlists the help of Bernie Hayes (Brian Tyree Henry, *Causeway*), a weirdo conspiracy theorist podcaster whose show *Titan Truths* is obsessed with the mega monsters. Something is up. That's the buzz.

Views of *Godzilla* and *Kong* aren't entrancing. The overly obvious computer-generated trickery is telltale. In the latest *Planet of the Apes* franchise, it's mindboggling how real the creatures look. In *Godzilla*

Minus One, the big boy doesn't look real, but there is something about him that appears organic and not like a cloud of effects. Also, in opening scenes, as Godzilla rises and travels, attacking nuclear plants and absorbing radiation for some unknown reason, planes and helicopters fly around his head. They look like a kindergartener's toys. As the film progresses and an enigmatic signal attracts action to the Hollow Earth, a hidden realm in the planet's core, more beasts are unearthed. None look any more vivid than the two on the surface. The verdant underworld landscape is interesting (production designer Tom Hammock, *Godzilla vs. Kong*), but the music (Tom Holkenborg and Antonio Di Iorio), interior sets, flying capsules, costumes (Emily Seresin) and cinematography (Ben Seresin) don't enhance those scenes. If there is a saving grace, it's that the fights, battles and combat, which lead up to

a do-or-die climax with Godzilla and Kong teaming up to for the big

brawl, are well paced and measured throughout which should

delight action/adventure/sci-fi fans.

Being original, innovative or deep is not part of the scope of the script

by director/writer Adam Wingard (Godzilla vs Kong) and screenwriter

Terry Rossio. E.g., the chit-chat on the space craft that flies Jia, Bernie,

Tanner and Dr. Andrews to the center of the world and the Monarch

outpost, is banal. The shuttle is flown by the gruff pilot Mikael (Alex

Ferns), a mean

taskmaster: "Try not to swallow your tongue." Bernie, the scared

passenger: "What?!". Tanner is blasé. Jia hopeful. And Andrews in

charge. Words and character development don't get much deeper than

that.

Wingard's direction settles on the spectacle of the over-sized fights, but none are truly astonishing. The only reason anyone's heart will beat fast is because the loud soundtrack (Erik Aadahl) tends to make up for what is not visually impressive. Also, some of the fights take place on dazzling international locations, from the Pyramids to the beaches of Rio de Janeiro. Pour on the fanciful geographical locations, action, pummeling, bites, body slams and a little deep freeze wizardly and hope for the best.

Fala Chen as Iwi Queen has a majesty about her that gives the film some moments of dignity. Hottle displays an innocence that is beguiling. When

Mikael meets an abrupt ending viewers will giggle. That's a sign that

Ferns did his job as the aggressive bully. Steven's interpretation of

Tanner remains steadfast throughout. Cool, collected and high on life.

While Henry's interpretation of Bernie seems too buffoonish. The glue in

the cast is Hall. The first time she appears on the screen you wonder, "Who is she?" Your mind searches through your memory banks.

Neighbor? My kid's teacher? Star of a TV show? Hall has that every woman quality that makes her feel familiar even though you don't know her. That's what made Julia Roberts a star back in the day. That quality will give Hall a long career.

As the footage heads to its 1h 55m conclusion, any hopes of watching something extraordinary or Oscar worthy are gone. Any dreams of fresh material, which would make this fifth film in the MonsterVerse a standout, are dashed against the rocks of Queensland Australia, where the movie was shot. Ordinary direction, shallow writing and a production team that can't make anything look, sound or feel distinguished bury what could have been good. It's possible the little TV screen will be more

forgiving than the big movie house screen.

Maybe the bromance between the reptile Godzilla and primate King Kong was a mistake. Maybe audiences will leave theaters invigorated

but wondering, "Where's the beef!"

Now is The Idea of You available for streaming? Can you watch it on

Disney Plus HBO Max Netflix or Amazon Prime? Yes we have

discovered an authentic streaming option or service A 1950s

housewife living in a utopian experimental community alongside her

husband becomes concerned that his glamorous company may be

concealing disturbing secrets At Showcase Cinema Warwick you will
